

THE POSSIBILITIES LEADING TO COHEN'S STORE, ONLY.

The worthy fabrics that step down from their high-horse prices of the early season are counted by the thousands. We have searched the world's markets for this immense stock of merchandise, and feel satisfied that goods bought right are already half sold. There is not an item on this page that is not of vivid interest to shoppers. Read it all:

Tailored Suits and Skirts WORTH A HALF MORE THE READY-MADE GARMENT STORE OF THE STATE.

There never has been offered such bargains in made garments in this city as Cohen is selling this season—that is, for perfectly tailored garments. No sweat-shop work here, but every garment as perfect in make and fit as if a tailor had made it for double our prices. For the first time for a month we can show a full line—up to the demands of our trade. Until now we could not get but half as many as we needed.
